Ability to specify the **correct answer**, and to shade it in a different color.

For instance, the correct answer to the Quick Question currently on the site is 7.9 years, or option 1.

Clicking on “**Suggest a Question**” should take the user to the “**Quick Question Submission**” page.

## Quick Question Results

**Q:** How do you feel about our website?

1) Good

2) Bad

3) Excellent (Correct Answer)

4) Don't Know

TOTAL 718 Responses

## More Information

Website traffic and stickiness are greatly influenced by the relevance of the available content and the ease of navigation. Visitors need to be comfortable with moving around the site and be assured that they will find what they are looking for. ...

**Suggest a Question** (please include correct answer and information source.)

Quick Question is not scientific and reflects the aggregate opinion of only those users who have chosen to participate. The additional information provided is not necessarily that of the author of Swagger-Free Zone or of users in general.

**Please Add this Section**

Please add “**More Information**” field on the “Edit” screen of the Admin Panel, for “Manage Quick Question”.

It should **not** be necessary to “Sign up”, in order to submit a Quick Question. Providing the required information on this page should be all that is needed.
